

## NUCLEAR GOSPEL

### CHORUS

<sup>E</sup>  
We wont have god to thank anymore  
<sup>B7</sup> <sup>A</sup> <sup>E</sup>  
If we never have a nuclear war  
<sup>E</sup>  
We wont have god to thank anymore  
<sup>B7</sup> <sup>A</sup> <sup>E</sup>  
We'll only have each other to be thankfull to and for

<sup>E</sup>  
I mean he didn't make an atom, or a hydrogen bomb  
<sup>E</sup> <sup>F#7</sup> <sup>B7</sup>  
And he didn't refine that craft right down to a neutron  
<sup>E</sup> <sup>E7</sup> <sup>A</sup> <sup>G°</sup>  
And he didn't set those bombs off in the air or underground  
<sup>E</sup> <sup>C#7</sup> <sup>F#7</sup> <sup>B7</sup> <sup>E</sup>  
And he didn't lay the city of Hiroshima down

### CHORUS

I mean he doesn't have a Trident, or a Pershing or a Cruise  
And he doesn't print out circuits or tighten any screws  
And he could never SS this or SS that  
And he's not in the Arms Race playing tit for tat

### CHORUS

Rejoice about the mountains, Rejoice about the sea  
Rejoice about the business about he and she  
Rejoice about the future, Rejoice about the past  
But we'll only have each other to be thankfull for at last

### CHORUS

Hallelujah, who's that knock knock knocking at my door  
Sounds like the folks at Nato, a' cruising for a war  
We must contain the Soviets is their battle cry  
But it's them that's dressing up for war, not him that lives most high

### CHORUS
