February 21, 1987.

Dear Georgia;

Thanks for your prompt letter re: the time Kamloops has been allotted for the tour. It would seem that the lines of communication were crossed at our end. We will work the tour into your time frame, hopefully giving them Wednesday evening off to relax, as we are sure that they will be tired from all the driving.

In the future, please send all communication to the KSPC Box 973, as Paul is leaving Kamloops, and we will be handling the tour.

We will send a map to the Prince George people and itinery for Kamloops, that the group will find the easiest way into town, as soon as we have finalized events at this end.

Yours for peace

Charmian
