

January 29, 1987.

Dear School Trustees;

The Kamloops-Shuswap Peace Council is a non-profit organization which has been active since 1980. Membership in the K.S.P.C. is open to any individual or organization dedicated to securing global peace through disarmament, regardless of philosophical, religious, or political outlook. The K.S.P.C. is a member council of the B.C. Peace Council and through it, the Canadian Peace Congress and the World Peace Council. We are also a member of a recently-formed Kamloops umbrella organization, along with such groups as Project Ploughshares, Development and Peace, Ten Days for World Development, and the Kamloops Human Rights Coalition.

Each year, K.S.P.C. undertakes a series of projects, such as the Walk for Peace, the Hiroshima Vigil, Tools for Peace and other projects on an urgent priority basis. Ongoing activities include a bimonthly newsletter and a Peace program on Cable 10.

This year, we have the opportunity to play host to four very unique individuals, who are members of Students Against Global Extermination (S.A.G.E.). These young people have been travelling across Canada talking with High School students about peace since September 1986, and have been getting rave reviews. They have been featured on "The Fifth Estate" and Peter Gzowski's CBC morning program, as well as receiving favorable press coverage everywhere they have spoken. Tentatively, S.A.G.E. will be visiting Kamloops on April 16 and 17, 1987.

Please find enclosed further information about S.A.G.E., as well as some letters of endorsement and a letter we intend to send to the Sr. Secondary Principals, pending your approval. We request your endorsement of this project, and welcome any suggestions you may have towards making it a success. We feel we should not miss this opportunity for the students of Kamloops to learn and become involved with Peace.

Yours in Peace,

Lissa Millar
K.S.P.C.
