STOP THE ARMS RACE

"As a military man who has given half a century of active service, I say in all sincerity that the nuclear arms race has no military purpose. Wars cannot be fought with nuclear weapons. Their existence only adds to our perils because of the illusions which they have generated."

Lord Louis
Mountbatten

SAVE THE HUMAN RACE

"You must ask yourself if you've done enough to prevent this horror. Remember, there's no issue more important than this one. We're in danger of destroying most of the world's people, and nothing matters more than that."

Dr. Helen Caldicott,
President - Physicians for
Social Responsibility
