INTRODUCTION

As the first edition of Cariboo College Fact Book, *Facts About Enrolments & Faculty* is intended to provide a convenient source of pertinent information with respect to various facets of student enrolments and faculty at Cariboo College. The Office of Institutional Research and Evaluation, with the publication of this Fact Book, attempts to present concise information to the College community and to those interested in Cariboo College.

The Fact Book is a combination of tables and charts designed to achieve readability. Historical summaries and current records (as of Fall term 1989) of student enrolment data are presented so that readers can have a better understanding of the College's history of student recruitment and its current performance in enrolment. Much of the data contained in this Fact Book was generated by and through the reports which Cariboo College is required to supply to the British Columbia Ministry of Advanced Education, Training and Technology. Each table in the Fact Book indicates the source of the data used to compile the table. Similarly, sources of data are also indicated in all charts. In most cases, the data are as good as the sources. Some data illustrated in the tables are derived from the data sources through calculations performed by the Office of Institutional Research and Evaluation. Assembly of the data and material presented in this Fact Book involved many judgements as to inclusion, exclusion and formats of presentation. Although every effort has been made to obtain and report all the data accurately, we understand that the book can not be error free or absolutely complete.

We encourage our readers to carefully examine the Fact Book and to study any data with which they are familiar for any possible errors. Suggestions as to addition, modifications or corrections will always be welcome and can be addressed to the Office of Institutional Research and Evaluation.

Finally, we would like to express our appreciation of the Registrar, Mr. Dennis Mayberry, and his staff, and Mr. Leslie Hart, Director of Human Resources, and the Personnel Office. Without their assistance, the publication of this Fact Book would have been impossible.
