### CARIBOO COLLEGE'S TRAVEL STUDY PROGRAM TO TOUR EUROPE IN 1978

After two highly successful Study Tours to the Far East, Cariboo College's Travel Study Program has turned its attention to Europe for 1978. "We've done this in response to numerous expressions of interest from throughout the College Region," said Chuck Mossop, Program Coordinator. Mossop explained that in May, 1978 a group will travel to Florence, Italy, via Toronto and Milan, for a three-week study of the art and architecture of that city. "There will also be side trips to Fiesoli, Sienna, Assisi and Pisa as well as ample time for independent activities," Mossop said. The Tour is to be conducted by Mr. R. Campbell of the Department of Fine Art at Cariboo College, and he will also be giving a series of pre-travel lectures and seminars to enhance the participants' appreciation of what they will see when actually on the Tour. Mossop added that although all participants will travel to Italy together, individuals are free to make their own return arrangements if they choose.

A fully detailed brochure is available and anyone interested in being part of this Travel Study experience should write or phone Chuck Mossop at Cariboo College.
