Dear Colin:

Further to our telephone conversation of 27 February 1985, regarding our guest speaker program, I can now confirm all three engagements.

Mr. David Lisle of our Waste Management Division will be pleased to address the students within your Department and local Association of Engineering on "The Engineering Applications within the Waste Management Program", as well as giving an overview to a group on "The Canadian Waste Management Program". As discussed, the first presentation will take place on the evening of Tuesday, 26 March 1985 with the remaining presentations taking place on the following day. According to our conversation there will be audio visual equipment available for all three engagements, specifically a 35 mm slide and 16 mm film projector.

Some background on Mr. Lisle is enclosed. As indicated, Mr. Lisle is expecting to hear from you to discuss the engagements in terms of audience and location. He can be reached at (204) 753-2311, ext. 2499.

I am sure you will enjoy the presentations. If you have any further questions, do not hesitate to contact me.

Sincerely yours,

John Hartman

BIOGRAPHICAL INFORMATION

P.D.R. Lisle

P.D.R. (David) Lisle is Technical Assistant to the Director, Waste Management Division at the Whiteshell Nuclear Research Establishment at Pinawa, Manitoba. He is responsible for operations planning within the division, writing of policy papers, and acts as the liaison person between Ontario Hydro and the Waste Management Division.

David Lisle was born in Toronto and educated in Waterloo, Ontario. From Wilfred Laurier University he received in 1982, an Honours B.A. (Geography with a minor in Economics).

From 1980 - 1982, Mr. Lisle served as a Teaching Assistant, Geography Department, Wilfred Laurier University. Upon graduation he joined WNRE to take up his present position.

NOTE:

The Whiteshell Nuclear Research Establishment (WNRE) is one of two nuclear research centres (the other is the Chalk River Nuclear Laboratories) of Atomic Energy of Canada Research Company. AECRC is part of the Federal Crown Corporation, Atomic Energy of Canada Limited.

WNRE is located approximately 100 km northeast of Winnipeg.
