Visual and Performing Arts

At Cariboo, students will find a wide range of STUDIO courses in the Visual Arts and Theatre, plus ACADEMIC courses in the history of both Art and Theatre. Together they combine to offer students a wide range of choice, and the option of completing both DIPLOMA and DEGREE programs.

Cariboo is also unique in B.C. because of our one-year Diploma program in DIGITAL ART and DESIGN, open to any student with at least one-year of study in Fine Arts.

Department of Visual and Performing Arts Faculty

Chairperson:	Darlene Kalynka, B.F.A., M.F.A.
Visual Arts Faculty:	Lloyd J. Bennett, B.Ed., B.A., M.A., M.A. Alan Brandoli, F.F.A., M.F.A. Darlene Kalynka, B.F.A., M.F.A. Donald Lawrence, B.F.A., M.F.A. Bill Walton, N.D.D., A.T.D. Andrew Wong, B.Sc., B.F.A., M.A.
Theatre Faculty:	David Edwards, B.A., M.A., Cert. Ed., Ph.D
Digital Art and Design Faculty:	David DiFrancesco, Diploma Computer Graphics and Graphic Design Craig Simmons, Digital Art Diploma

Course Options

Visual Arts and Theatre courses may be taken individually by students interested only in the development of skills in a specific field. However, they are most often selected as part of a planned program of study leading to one of three Diploma or three Degree choices now available.

The range of course options for Cariboo students, with virtually all courses fully transferable to one or more provincial universities, now includes these areas of study:

- History of Art
- History of Theatre
- Theatre and Technical Theatre
- Acting and Character Portrayal
- Speech Communication
- Voice for the Stage
- Stage Movement
- Design
- Drawing
- Ceramics
- Printmaking
- Painting
- Photography
- Sculpture

Program Options

As a four-year University College, Cariboo now offers students the opportunity to complete full university degrees. As a comprehensive institution, students also can complete Diplomas, and often return later to apply these credits towards a degree.

Students interested in the Visual and Performing Arts now have the choice of three Diplomas and two Degree programs at Cariboo, plus the additional option of transferring credits to another university or accredited art/design school program.

Options at Cariboo include:

- Associate of Arts Diploma (with Fine Arts concentration)
- Fine Arts Diploma
- Digital Art and Design Diploma
- Bachelor of Arts Degree (with Fine Arts or Theatre options)
- Bachelor of Elementary Education Degree (with Fine Arts as a teaching subject)
- Bachelor of Secondary Education Degree *Transfer Program
- Bachelor of Fine Arts Degree * Transfer Program

***Transfer Programs:** While both the Secondary Education and Fine Arts Degrees are not yet available at Cariboo, it is anticipated that both may be available within the next couple of years, or sooner. However, students can complete much of their work toward a B.F.A. at Cariboo before having to transfer, and can complete their required first degree (B.A.) here, prior to applying for a secondary education degree program elsewhere.

Associate DIPLOMA of ARTS

Two-year Associate of Arts Diploma with Fine Art as one of the required two areas of concentration.

Associate Diplomas recognize the completion of two years of academic study, of which at least half (30 credits) must have been completed at Cariboo.

The Associate Diploma can be of particular value to students who do not plan to complete a degree program, but need proof of formal post-secondary accomplishment for their resumes and career employment options. It is also of value to students planning to enter the work force for a period of time before continuing study towards a degree.

The Associate of Arts Diploma requires completion of 60 credits of study (usually 20 courses), with at least 24 credits at the 200 level, plus:

- 6 credits of 100 level English
- 12 credits of EACH of two disciplines/concentration

Along with the Fine Arts concentration, student can choose a second concentration in one of these disciplines:

Anthropology, Commerce, Computing, Economics, English, French, Geography, German, History, Mathematics, Philosophy, Political Studies, Psychology, Sociology, Theatre.

Six credits of 100 level study in a language and a science are recommended, but not required. However, students should be aware of these requirements for completion of a B.A. degree.

A Program Model could be as follows:

1st Year:

English (100 level) - 6 credits
Language (100 level)** - 6 credits
Art History 111/121 - 6 credits
Design 112/122 - 6 credits
Other concentration (100 level) - 6 credits
Total - 60 credits

2nd Year:

Science (100 level)** - 6 credits
Studio Art (200 level) - 6 credits
Studio Art (200 level) - 6 credits
Other concentration (200 level) - 6 credits
Elective (200 level) - 6 credits

Note: **Language and **Science are recommended but not required. However, students who wish to eventually continue a degree program are strongly encouraged to take those subjects.

For more information: See Page 37 of the 1991/92 College Calendar for details on Associate Diplomas at Cariboo.

Fine Art Diploma

The Two-year Fine Art Diploma program is designed for students whose main interest is in studio art and not in academic transfer or eventual degree completion. However, the majority of courses are transferable, and students can complete their Fine Arts Diploma as the first step in completing a degree program.

The FINE ART Diploma requires completion of 60 credits of study, of which 48 credits would be in Fine Art, including at least 18 credits at the second year level. An overall grade point average of 2.33 is also required for Diploma status.

A program model would be as follows:

1st Year:

English (100 level) - 6 credits
Art History 111/121 - 6 credits
Design 112/122 - 6 credits
Studio Art (100 level) - 6 credits
Studio Art (100 level) - 6 credits

2nd Year:

Art History (200 level) - 6 credits
Studio Art (200 level) - 6 credits
Studio Art (200 level) - 6 credits
Studio Art (200 level) - 6 credits
Studio Art (any level) - 6 credits

For more information: See Page 110 of the 1991/92 Calendar for complete details on the program. Note that the "course requirements" as listed in the Calendar are all the courses offered, but only twenty courses are generally required to complete the program.

Digital Art and Design Diploma (DADD)

This one year (two semester) Diploma program offers students a unique opportunity to create images, both still and animated, using state-of-the-art electronic equipment.

This is the only program of its kind in British Columbia. The training is intensive, but upon completion will provide successful graduates with a portfolio of work in the form of slides and video tapes that demonstrate the student's creative skills using computer assisted technology.

Admission Requirements

Students applying to the program will be required to provide evidence of at least one years training in fine or commercial art at the college or university level, in the form of a portfolio. Applicants must also have completed B.C. Grade 12 or equivalent.

Applications and portfolios should be submitted as early as possible, and usually before March 31st. All applicants will then be interviewed by the course coordinator prior to admission.

Courses

The DADD Diploma program is comprised of eight courses over two semesters.

Fall Semester (September - December)

DADD 210 Computer Graphic Design 1
DADD 230 Animatics 1 (L)
DADD 270 Introduction to Computer Operations (L)
FINA 290 Drawing - Directed Studies 1 (L)

Winter Semester (January - April)

DADD 220 Computer Graphic Design 2
DADD 240 Animatics 2 (L)
DADD 260 Production Art (L)
FINA 299 Drawing - Directed Studies 2 (L)

For more information: See Page 106 of the 1991-92 College Calendar for complete course descriptions.

Bachelor of Arts Degree

A four-year Bachelor of Arts degree, with Fine Art as one of the disciplines can now be completed at Cariboo. Graduates will receive their Bachelor of Arts Degree from the University of British Columbia, in association with Cariboo College.

In the third and fourth years of the B.A. program, students complete at least 30 credits from one specific discipline (eg. Creative and Performing Arts), 12 credits from one of three other disciplines (Humanities, Social Sciences, Sciences), plus other electives to total 60 credits of upper level work. Based on this pattern of upper level course selection and choosing Creative and Performing Arts as the discipline, the following two program models are designed to show how students can take all the upper-level Fine Art studio courses and Art History courses within a two year time frame.

Creative and Performing Arts (Fine Art with Theatre):

1st Year	2nd Year	3rd Year	4th Year
English	Literature	Studio Art	Studio Art
Language	Language	Theatre	Studio Art
Art History	Science	Art History	Theatre
Design	Studio Art	*Elective	Art History

Creative and Performing Arts (Theatre with Fine Art)

1st Year	2nd Year	3rd Year	4th Year
English	Literature	Theatre	Theatre
Language	Language	Studio Art	Theatre
Design	Science	Theatre History	Studio Art
Theatre	Theatre	*Elective	Theatre History
Theatre History	Art History	*Elective	*Elective

*Electives in the above models can be in Humanities, Social Science or Science Categories.

Note: These two program models show the same two year upper-level time frame, demonstrating other options where Humanities or Social Science are the chosen discipline, with Fine Art as a concentration.

Humanities Option (English with Fine Art)

1st Year	2nd Year	3rd Year	4th Year
English	English	English	English
Language	Language	English	Art History
Science	Studio Art	Art History	Studio Art
Design	Studio Art	Studio Art	Studio Art
Art History	*Anthropology	*Anthropology	*Anthropology

*This can be any other discipline within Social Sciences category; Anthropology is just being used as an example.

Social Sciences Option (Anthropology with Fine Art):

Science	Anthropology	Anthropology	Studio Art
Design	Studio Art	Anthropology	Anthropology
Art History	Sociology	Sociology	Sociology

*This can be any other discipline within Humanities category; Art History is just being used as an example.

Note: These models are based on students who do not have grade 11/12 French and therefore they must take two years of language. Both Humanities and Social Sciences options allow some flexibilities in terms of choices of disciplines

For more information: See page 16 in the 91/92 calendar.

Bachelor of Elementary Education Degree

For students who wish to enrol in Bachelor of Education (Elementary) Degree Program and intend to have Fine Art as a teaching subject, a total of 90 credits, or three full years of study are required before students can apply to enter the B.Ed. degree. To have Fine Arts as a teaching subject, specific upper level courses are needed. The required 18 upper level Fine Art Studio courses are:

FINA 387 (Painting/Drawing) - 6 credits

FINA 388 (Printmaking) - 6 credits

FINA 389 (Sculpture) - 6 credits

All three of these upper level courses require FINA 111/121 (Art History) and FINA 112/122 (Design) as prerequisites, so students must take these four courses in the first and/or second year.

While it is recommended that applicants have a Bachelor's Degree before entering the B.Ed. Program, students will be eligible for admission with a minimum of 90 credits of university study. In order to enter the future B. Ed. (Secondary) Degree Program students must first complete a Bachelor's degree.

Program model for three-year (90 credits) admission to B.Ed.

1st Year	2nd Year	3rd Year
English 110/111/121	Mathematics 110/120	Fina 387

Credit Transfer Guide: The University of British Columbia

The following shows the "Transfer Credits" for courses at Cariboo, granted by UBC towards completion of a Bachelor of Fine Arts degree. Students considering this option should check the UBC Calendar for details on the B.F.A. program, and may wish to meet with an Academic Advisor in the Counselling Department prior to their selection of courses.

The following compares UBC UNITS to Cariboo CREDITS, where ONE UNIT is equal to TWO CREDITS. Students should note that as of 1991-92, the University of B.C. is converting to the CREDIT system, so courses will then be transferable with equal numbers of "credits".
