- ◆ Management Centre on the Move
- ◆ Homestay Placements
- ◆ Chairpersons Workshop

For and about the University College community.

Campus Wired

Media Production and Technical Services has a campus wide Satellite Tele-conference and Message Channel cable service up and running. The service allows learning programs that are regularly broadcast via satellite to be shown in classrooms and meeting areas around campus.

Media Production Services can coordinate with departments the down link of conferences and workshops being sent by satellite, and working with Technical Services insures a quality signal gets to your meeting area.

A second benefit of the cable system is the new message channel announcing UCC events such as our lecture series, sports and cultural events. You can see the pilot of this service running in the entrance foyer of the main building. Eventually this message service will be running in every major building on campus, to let everyone on campus know what's happening at UCC. For more information about these services contact Bob Clark at 5486.

Education Council

Here are some highlights from the March 25 Education Council Meeting.

- Steven Scher and David Stewart are the new Arts and Education division representatives.

- Replacement of faculty members serving one-year terms will occur at the Faculty Association AGM April 22.

- Council recommended to the College Board approval of the Psychology Major.

- The Education and Program Planning Review Committee reported that the VP Instruction approved the action plan for program reviews of Retail Meat Processing and Engineering.

- The Scholarly Activities committee has approved scholarly activity grants.

- The membership roster for the Gender Equity committee has not been finalized.

Campus Ministry

The Catholic Diocese of Kamloops is breaking new ground with the establishment of a Catholic Campus Ministry to provide pastoral, spiritual and theological service to the UCC community.

The church has hired Maria Carreiro, a graduate of the University of St. Michael's College in Toronto who recently completed her Master of Divinity degree. She has just arrived in Kamloops, and has established an office in the McGill Student Housing complex, Room 2101, where she is available weekdays, or can be reached by calling 374-4511.

A native of Hamilton, who completed her B.A. in Art History and Criticism at Western University, Ms. Carreiro is a laywoman who has been involved in hospital pastoral ministry and has worked with homeless and abused women, as well as Ojebway

and Portuguese communities in Ontario.

Instructional Skills Workshop

This 24-hour intensive program provides a small group setting in which to work on the improvement of instructional techniques and places the responsibility for learning on the participant.

During the workshop, participants will be asked to prepare and present three mini-lessons, receive immediate written, oral and video feedback, participate as learner and instructor, share ideas, techniques and skills, and try new strategies.

The workshop dates are May 4-8 and 25-28, June 1-4 and 22-25, August 10-13 and 17-21. There is a maximum of six participants per workshop, so call Judy Wilbee (5186) as soon as possible to reserve your seat.

Management Centre on the Move

The Cariboo Management Centre has a new home. The new location in the Southgate Technology Centre at #100 - 1383 McGill Road provides more space than the former KTEC location

downtown. To contact the Centre, the new number is 372-2801.

Homestay Placements

The summer ESL program needs summer homestay placements.

Nearly 100 students from three different Japanese schools are booked for July-August, but another 50 or more may have to be turned away unless more Homestay placements can be secured.

Among the groups arriving this summer are 32 students from Uji, 50 students from the Nova Academy and more than 30 who want to come from Bunri College in Saitama, Japan.

For more information or if you want to host a student contact Helen Chin at 5164.

Chairpersons Workshop

A select group of chairs will meet April 28 to examine the spoken and unspoken values of UCC regarding the role of the chair.

The purpose of this session is to provide the knowledge necessary to address ambiguous situations encountered by chairs. Contact Judy Wilbee for more information.
