

McGill Student Housing

offers private and safe accommodations in a comfortable and enjoyable environment.

Living together with fellow

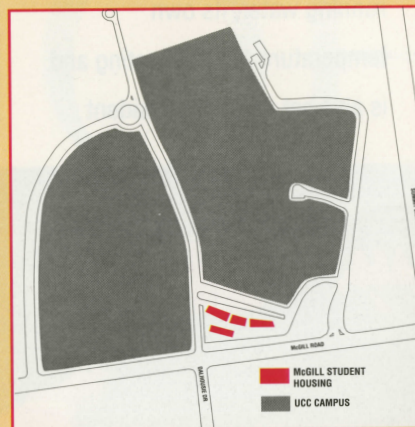

students with different personal and academic goals and interests, can enrich the educational experience. Students living on campus are able to make the best possible use of their time at college.

McGill Student Housing

exists to accommodate students serious about their education. Easy accessibility to the UCC campus makes McGill Student Housing the right choice.

McGill Student Housing

endeavors to make your stay on campus safe, comfortable and enjoyable.

McGILL *Student* HOUSING

ON-CAMPUS ACCOMMODATION

THE
UNIVERSITY
COLLEGE
OF THE
CARIBOO

Kamloops
British Columbia

The housing complex is situated on The University College of the Cariboo campus and is equipped to house over 300 students in single room accommodations. The concrete block construction ensures that all buildings are fireproof and secure. The unique design arranges each room in a "quad" with doors allowing either outside access for privacy or free access between the four units. A quad of either four males or four females share a common central and washroom area. Housing fees are payable by semester.

Resident Advisors are available to help in cases of emergency and to assist in arranging social events. Security cameras are in use 24 hours a day to monitor the grounds and provide additional protection to all residents.

Every single room is equipped with a single bed, desk, chair, combination kitchenette facility (including a microwave oven). In addition each room has running water, its own temperature control heating and is also set up so the resident

can apply for individual telephone and cablevision service. All rooms have an exterior access for privacy and safety.

The common area building includes on-site management and office, coin operated laundry, large screen television and games, recreation and study areas, plus a common storage area. All residents enjoy the convenience of individual mailboxes, postal pick-up and access to Kamloops Transit bus service.
