### TWO + TWO = TOURISM DEGREE

Offered for the first time this fall, UCC's Bachelor of Tourism Management degree program will give graduates business skills and a wide knowledge base to assist the tourism industry to move into the next century.

Developed provincially, the degree is based on laddering from tourism diploma programs. It will also give credit for prior learning. This is what's called a "two + two" degree. Entry into this program follows graduation from a two-year diploma program in any of the UCC Tourism options, including Resort and Hotel Management, Events and Conventions Management, Tourism Management, Adventure Travel, or similar Diploma programs offered at other post-secondary institutions.

**Prerequisites:** Completion of a two-year Tourism Diploma at UCC or other post-secondary institution.

For more information, please contact:  
UCC School of Tourism at 250-828-5132.

### DIPLOMAS LADDER INTO BACHELOR OF SCIENCE DEGREE

Graduates of UCC's Respiratory Therapy Diploma program and the former Medical Laboratory Technology Diploma program may now count these programs as 60 credits toward a Bachelor of Science degree. Applicants are assessed on an individual basis, and, depending upon their major or concentration, will be required to complete an additional 63 to 66 credits of approved upper-level science courses. For more information, please contact Colin James at 250-828-5402.

### NEW BACHELOR OF ARTS REQUIREMENTS

UCC's BA degree is now fully independent, and thus has undergone some changes. These include an additional 3 credits in the category "Scientific and Formal Reasoning" for a total of 9 credits. In

addition to the old "Science Requirement" stand-bys of math, science or physical geography, students may elect to take Philosophy, Computing Science, or a statistics course in Psychology, Business or Sociology.

Another major change is in the language requirement. Students who complete a 2nd language to Grade 12 level in high school need not take any university-level 2nd language to qualify for the UCC BA.

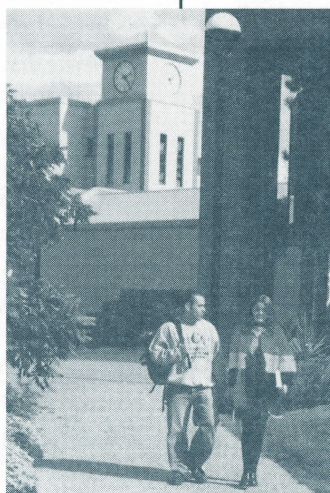

Excellent written and oral communication skills are now high on the list of virtually every employer. The new UCC BA

recognizes this by requiring a 1st-year English requirement, plus another 100-200 level (6 credits) and a 300-400 level (6 credits) "writing intensive" requirement. Designated "writing intensive" courses are available in almost all disciplines, including Anthropology, Economics, Fine Arts, and others.

For more information please call UCC Arts Advisor Barb Pillar at 250-371-5566 or e-mail: [bpillar@cariboo.bc.ca](mailto:bpillar@cariboo.bc.ca)

### COMPUTING MAJOR-BSC.

Another computing degree that has passed UCC's internal approval process, and is now awaiting government approval, is the Bachelor of Science major in Computing Science. It's hoped it will be available by September, 1998. For more information, please call Colin James at 250-828-5402 or e-mail: [james@cariboo.bc.ca](mailto:james@cariboo.bc.ca)

## NEW GEOGRAPHY MAJOR

UCC has offered advanced Geography courses in Cultural, Historical, Urban and Environmental Geography since our BA programs began and now offers a Geography major program focused on Human Geography. All upper-level UCC Geography course offerings have been articulated with UBC. This is the first degree program in Human Geography to be offered outside the Lower Mainland.

Skills students will learn include geography research and analysis, good written and oral communication skills, and the means to adapt to new computer technologies in their profession. The program includes computer mapping, geographical methods and statistical analysis.

Students interested in such fields as urban planning, regional development, resource management, environmental design, economic geography, physical geography or secondary education, can now complete their undergraduate degree at UCC before entering graduate studies or the workplace. For more information, please call Dr. Robert MacKinnon at 250-828-5170 or e-mail: [rmackinnon@cariboo.bc.ca](mailto:rmackinnon@cariboo.bc.ca)

## NEW COMPUTING DEGREE: 2+2

The UCC Bachelor of Technology in Applied Computing Science is a new, job-oriented, four-year degree program designed to prepare graduates for immediate employment in a business or industrial environment.

The first of its kind in BC, this practical, applied program teaches troubleshooting, database software, networks, windows and internet programming. Designed to accommodate multiple entry paths, students can complete two years of Arts or Science study before entering at 3rd year, or can complete a Computer Systems Diploma program first, then enter the degree at the 3rd year. The BT/ACS is a ladder (2+2) degree, and will involve the use of Prior Learning Assessment and the application of "knowledge units" in the evaluation of a transferring student's academic record and field experience.

### Prerequisites:

BC Grade 12 or equivalent with a C+ average; BC Math 12 or equivalent with a C+ average; 67% on the combined English 12 and Government Exam within the last five years or equivalent; Computing 12 or equivalent or instructor's permission; knowledge of a micro-computer operating environment, and ability to use a text editor.

Candidates for the BTACS can complete a two-year diploma in Computer Systems: Operations and Management, or the first two years of a general Bachelor of Science or Arts degree with at least four Computing Science courses and Calculus I and Calculus II, English, and Statistics.

## COME SEE US!

The UCC Public Relations Department, in cooperation with the Cariboo Student Society, conducts a regular Campus Tour Program. Tours are free to anyone, and are conducted every Monday from 11 am to noon. Tours start outside Bookie's (UCC Bookstore) on the 1st floor of the Campus Activity Centre. Any person who wants a tour should be at this location by 11 am.

Schools may book group tours for any time, providing advance arrangements are made with UCC Public Relations.

## THREE EASY WAYS TO BOOK YOUR TOUR!

①

Call 250-828-5006

②

fax: 250-828-5159

## COUNSELLOR'S CONTACT GUIDE

### ARTS:

For more information about Arts degree, diploma and UT programs, please contact: Dr. Richard Sigurdson, at 250-828-5242 or e-mail: rsigurdson@cariboo.bc.ca.

### SCIENCES:

For more information about Science degree and UT programs, please contact: Dr. Colin James at 250-828-5402

For more information about Horticulture programs, please contact: Ernest Phillips at 250-828-5180 or e-mail: ephillips@cariboo.bc.ca

For more information about Animal Health Technology, please contact: Dr. Scott Mann at 250-828-5440 or e-mail: smann@cariboo.bc.ca

### ENVIRONMENTAL:

For more information about the Bachelor of Natural Resource Science degree program, please contact: Dr. Gary Hunt at 250-828-5467 or e-mail: gahunt@cariboo.bc.ca

For more information about Bachelor of Science environmental options, please contact: Dr. Colin James at 250-828-5402 or e-mail: james@cariboo.bc.ca

For more information about the Environmental Studies certificate, please contact: Dr. Richard Sigurdson at 250-828-5242 or e-mail: rsigurdson@cariboo.bc.ca

### EDUCATION:

For more information about education programs, please contact: UCC School of Education at 250-371-5736 or e-mail: rfabbro@cariboo.bc.ca

For more information about early childhood education programs, please contact: Bill Martin at 250-828-5228 or e-mail: wmartin@cariboo.bc.ca

For more information about support worker programs, please contact: Marilyn Martin at 250-828-5188 or e-mail: mmartin@cariboo.bc.ca

### BUSINESS:

For more information about Business degree, diploma and certificate programs, please contact: UCC School of Business at 250-828-5241 or e-mail: jseldon@cariboo.bc.ca

### HEALTH SCIENCES:

For more information about UCC Nursing programs, please contact: Nursing Chairperson Diane Wells at 250-828-5417 or e-mail: wells@cariboo.bc.ca or Nursing Secretary Helen Hurley at 250-828-5401 or e-mail: hurley@cariboo.bc.ca

For more information about Respiratory Therapy, please contact: Bryan Daly at 250-828-5433 or e-mail: daly@cariboo.bc.ca

For more information about UT Health Sciences programs, please contact: Lyn Jessee at 250-828-5428 or e-mail: jessee@cariboo.bc.ca

For more information about HS/RCA, please contact: Maria MacIntosh at 828-5185 or e-mail: macintosh@cariboo.bc.ca

For more information about the Medical Office Assistant certificate, please contact: Jo-Anne Rohrmoser at 250-828-5050 or e-mail: jrohrmoser@cariboo.bc.ca

## **TOURISM:**

For more information about Tourism degree, diploma and certificate programs, please contact: UCC School of Tourism at 250-828-5132 or e-mail: hwilson@cariboo.bc.ca.

## **SOCIAL WORK AND HUMAN SERVICES:**

For more information, please contact: UCC School of Social Work at 250-828-5364 or e-mail: mperessini@cariboo.bc.ca.

For more information about Human Service Worker programs, please contact: 250-828-5116 or e-mail: lobrien@cariboo.bc.ca

## **FINE ARTS:**

For more information about Fine Arts programs, please contact: Alan Brandoli at 250-828-5489 or e-mail: brandoli@cariboo.bc.ca

For more information about Theatre programs, please contact: Dr. Jim Hoffman at 250-828-5315 or e-mail: jhoffman@cariboo.bc.ca

For more information about Digital Art & Design, please contact: David DiFrancesco at 250-828-5088 or e-mail: difrancesco@cariboo.bc.ca

## **COMPUTING:**

For more information about the BT/ACS degree, please contact: Dr. Richard Paweska at 250-828-5348 or e-mail: rpaweska@cariboo.bc.ca

For more information about CSOM, please contact Jack Mathews at 250-828-5214 or e-mail: jmathews@cariboo.bc.ca

For more information about EDDT, TCOM, CTEC and CAST, please contact: Ralph Finch at 250-828-5125 or e-mail: rfinch@cariboo.bc.ca

For more information about BK/CA, please contact: Duane Breitreitz at 250-828-5050 or e-mail: breitreitz@cariboo.bc.ca

## **TRADES & TECHNOLOGY:**

For more information about the Bachelor of Technology in Applied Computing Science, please contact: Dr. Richard Paweska at 250-828-5348 or e-mail: rpaweska@cariboo.bc.ca

For more information about all other UCC Trades and Technology programs, please contact: Ralph Finch at 250-828-5125 or e-mail: rfinch@cariboo.bc.ca

## **COLLEGE PREPARATION:**

For more information about College Prep courses, please contact: Kathy Mitchell at 250-828-5317 or e-mail: kmitchell@cariboo.bc.ca

.....  
**CO-OP ED**

In recognition of the connections between education and work, the UCC Co-op Ed Department has recently undergone a name change: it's now the Department of Co-operative and Career Education. Co-op and Career Ed is happy to report that the Biology and Environmental Chemistry co-op pilots were a great success this past summer, and the program will run again next summer. The UCC Tourism Department is also proceeding with plans to bring Co-op to their four Diploma programs over the next year. For more information, please call Kathie Bryenton at 250-828-5151 or e-mail: [bryenton@cariboo.bc.ca](mailto:bryenton@cariboo.bc.ca)

.....  
**APPLYING ON-LINE?**

Follow steps #1 and #2 of the regular application process, then get your \$15 application fee to UCC admissions. If you have Mastercard or Visa, you may include that number on your on-line application so that your \$15 application fee will be automatically credited to your UCC account.

## **APPLICATION PROCESS-NOW YEAR 'ROUND!**

### **APPLYING TO UCC MADE EASY**

- ❶ READ the Application for Admission form CAREFULLY
- ❷ Fill in ALL the information requested--You MUST complete the following items on the application or it will be returned to you: PEN ID# (Ask your school counsellor); Date of Birth; SPECIFIC PROGRAM for which you are applying.
- ❸ The \$15 Application Fee must be enclosed, or the application will not be processed
- ❹ Send your application in early--don't wait

## **BACHELOR OF JOURNALISM DEGREE**

UCC's Bachelor of Journalism Degree program is being developed by a committee of industry advisors who will also play a large role in developing the curriculum, as well as advising on and providing opportunities for a practicum component in the program. Previous experience and the opportunity to ladder in other education will be important parts of the degree, which is expected to also have a strong liberal arts component. The program will be offered beginning September/98, subject to budget approvals.

### **Prerequisites:**

It is expected that students will enter this program after two years in a BA program. Please see "BA Prerequisites" below for entry requirements.

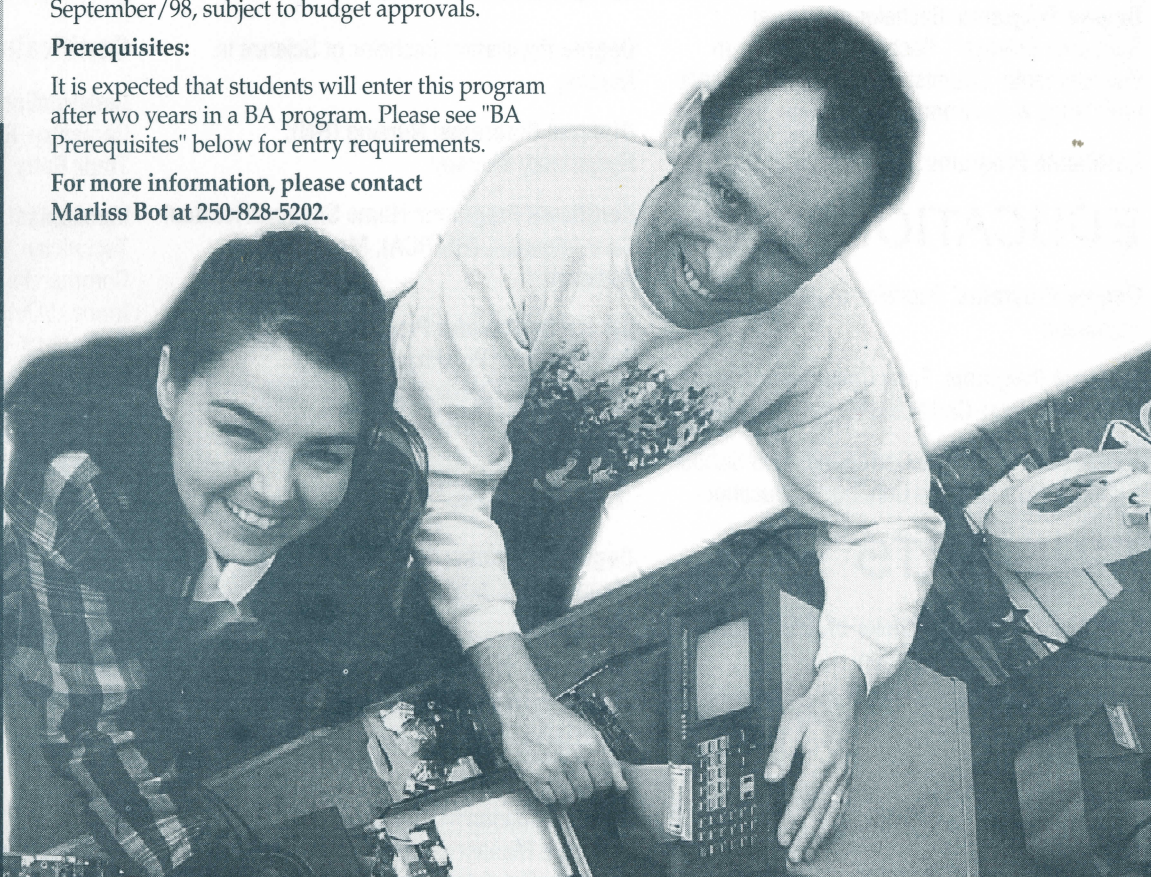

For more information, please contact Marliss Bot at 250-828-5202.

## **WE'LL BE SEEING YOU!**

Academic Advisors' main role is to help students to determine exactly what courses they need to take in order to qualify for a degree, diploma or certificate. They provide students with current, accurate information about educational programs, transferability and prerequisites, with emphasis on current and accurate. Anyone who has been in the field of secondary-post-secondary education for any time knows that requirements change, often from year to year, and up-to-date information is a must. Advisors also help students with course selection, planning and timetabling.

Part of the UCC Liaison Team, Advisors play a key role in the overall high school visitation program. Throughout the course of a school year, UCC Advisors will visit a school three times. In the Fall, the Liaison Team tries to give students a general sense of what to expect! In this first visit, presentations to students focus on what UCC is all about, UCC's programs, how to apply, and the costs.

"It's important for prospective university college students to understand what they're getting into," explains UCC Advisor Bernie Crawford. "We want them to come when they're ready, not because other people say they should. They have to take what they are interested in. And we always reassure them that it's okay for them to change their career goals." Students are also advised to talk to friends, family, and employers, and discuss their goals with teachers, both at their high school and at UCC.

# ARTS

**Degree Programs:** Bachelor of Arts.  
*Majors:* General Arts; General Arts–Canadian Studies; English; Psychology; History; Mathematics; Sociology; Geography.

**Bachelor of Journalism Degree Program:**  
Starts Sept/98, subject to funding.

**Certificate Programs:** Literary & Art History; Cultural & Social Explorations; Modern Languages; Environmental Studies

**University Transfer Programs:** Pre-Law

# SCIENCES

**Degree Programs:** Bachelor of Science.  
*Majors:* Animal Biology; Ecology & Environmental Biology; General Biology\*; Chemistry; Environmental Chemistry\*; General Science; Mathematics; Mathematical Sciences; Physics

**Diploma Programs:** Animal Health Technology; Horticultural/Business

**Certificate Programs:** Horticulture

**University Transfer Programs:** Engineering; Forestry; Pre-Veterinary Medicine

# ENVIRONMENTAL

**Degree Programs:** Bachelor of Natural Resource Science\*; Bachelor of Science in Environmental Chemistry; Bachelor of Science in Ecology & Environmental Biology

**Certificate Programs:** Environmental Studies

# EDUCATION

**Degree Programs:** Bachelor of Elementary Education

**Diploma Programs:** Early Childhood Education (Post-Certificate Programs)

**Certificate Programs:** Community and School Support Worker; Early Childhood Education

# FINE ARTS

**Degree Programs:** Bachelor of Arts Degree with Fine Arts concentration

**Diploma Programs:** Fine Arts; Digital Art & Design

**Certificate Programs:** Drawing & Painting; Drawing & Printmaking; Theatre Performance

# BUSINESS

**Degree Programs:** Bachelor of Business Administration  
*Concentrations:* Accounting; Finance; General Business; Marketing; Human Resource Management; Business Economics; Business & Regulatory Policy

**Diploma Programs:** Associate of Commerce and Business; Business (Retail/Small Business focus); Accounting Technician

**Certificate Programs:** Accounting; Bookkeeping with Computer Applications; Business Office Assistant; Law Office Assistant; Medical Office Assistant

**University Transfer Programs:** Commerce

# SOCIAL WORK AND HUMAN SERVICES

**Degree Programs:** Bachelor of Social Work

**Certificate Programs:** Corrections Worker; Social Service Worker; Community & School Support Worker

# HEALTH SCIENCES

**Degree Programs:** Bachelor of Science in Nursing

**Diploma Programs:** Nursing (RN); Respiratory Therapy

**Certificate Programs:** Home Support/Resident Care Attendant (HS/RCA); Medical Office Assistant

**University Transfer Programs:** Pre-Dentistry; Pre-Medicine; Pre-Pharmacy; Pre-Rehabilitation Medicine; Pre-Medical Laboratory Science

# TOURISM

**Degree Programs:** Bachelor of Tourism Management **2+2**

**Diploma Programs:** Adventure Travel Guide\*; Tourism Management\*; Events & Conventions Management\*; Resort & Hotel Management\*

**Certificate Programs:** Tourism Supervisory Development; Tour Coordinator; Accommodation Management; Food & Beverage Management; Professional Cook Training; Retail Meat Processing

# COMPUTING

**Degree Programs:** Bachelor of Technology in Applied Computing Science (BT/ACS) **2+2**

**Diploma Programs:** Computer Systems: Operation & Management (CSOM)\*; Engineering Drafting & Design Technology (EDDT); Computer Automated Systems Technician (CAST)\*; Telecommunications Technician (TCOM)\*; Computer Systems Technician (CTEC)\*

**Certificate Programs:** Bookkeeping with Computer Applications (BK/CA)

# TRADES & TECHNOLOGY

**Degree Programs:** Bachelor of Technology in Applied Computing Science

**Diploma Programs:** Digital Art & Design; Engineering Drafting & Design; Computer Automated Systems Technician; Telecommunications Technician; Computer Systems Technician; Wood Process Technology (proposed for Sept/98); Building Systems Technician (proposed for /98); Power Engineering (proposed for /98)

**Apprenticeship Programs:** Carpentry; Commercial Transport Mechanics; Heavy Duty Mechanics; Electrical; Plumbing; Welding

**Certificate Programs:**

**Construction Trades:** Electrical Trade Entry; Carpentry–Residential Construction; Plumbing Trade Entry; Welding; Welder/Fitter

**Mechanical Trades:** Automotive Service Technician; Heavy Duty Mechanic; Commercial Transport Vehicle Mechanic; Inboard/Outboard Marine & Outdoor Power Equipment Technician; Partsperson–Heavy Duty & Automotive

# COLLEGE PREPARATION

Grade 11/12-equivalent courses in Biology, Computing, English, Math & Sciences, Social Science and Business

\*Co-op education available.

**2+2** Diploma ladders into Degree Program
