College Week 1987 plans underway

Plans to mark College Week are well under way. The Audio/Visual Department has been busy preparing videos of each division. These will be shown on cable stations throughout the college region during the week

of November 23-29.

The mayors of Kamloops, Williams Lake, 100 Mile House and Merritt will proclaim November 23-29 College Week. Regional High School Principals have been invited to a dinner on Wednesday, November 25 and Kamloops high school students will be on campus throughout the week participating in an Experiential Career Planning Program organized by our Counselling Department.

The Annual Academic Awards Ceremony on Friday, November 27 will be the high point of the College Week activities.

CARIBOO COLLEGE Computer Access Centre Coordinator Joanne Nedaborski and President Jim Wright look on as Business & Mathematics Division Director Richard Olesen starts up the computer system inaugurating the centre. Located at 261 Victoria Street in downtown Kamloops the centre will provide specialized training and will operate on a fully cost-recovery basis. Computer rental time on a drop-in basis will also be available.

Regional News

MILE vans are a familiar sight in the Interior

The MILE vans are a familiar sight at the 14 interior communities which they serve. Ley McMillan who covers the southern route calling in at Chase, Ashcroft, Logan Lake, Lillooet, Lytton, Spences Bridge and Westwold says that the average age of his students is 30. Marvyn Fitzpatrick who drives the northern route calling at Barriere, Clearwater, Little Fort, Sheridan Lake, 100 Mile House, Clinton and Cache Creek says he enjoys the challenge. The program, now in its fourth year, continues to expand with each route showing an increased number of contacts over last year.

The vans are equipped with video equipment and expect to soon have computer terminals as well. The tutors have students registered in a wide variety of courses ranging from English 110 to Psychology. A radio telephone ensures constant contact with the tutors.

100 Mile House

Members of the College Board and senior administration recently visited 100 Mile House where they met with Gordon Hoglund Coordinator of the 100 Mile House Centre.

Williams Lake enjoying computer link with main campus

The staff at the Williams Lake campus says that through the computer link-up with the main campus their telephone bill is less than half what it used to be. They have found that the electronic mail system has really helped them and ask those of us at the main campus to check our electronic mail on a daily basis.

Enrollment at the Williams Lake campus has increased this year with some 300 students presently enrolled.

Unique interior program

Instructor Liz Rock of the Native Human Service Worker Program says this new two-year program has been very successful with the final section leading to certification ending in May 1988. The Williams Lake campus is the only centre in the interior of British Columbia offering this program. Two evening Social Service Worker credit courses are also offered at the Williams Lake campus.

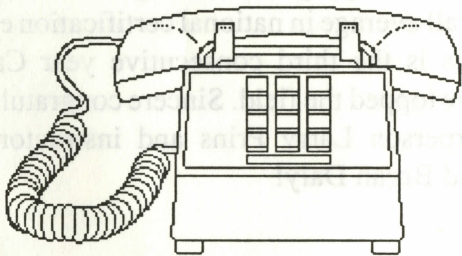

In addition, a three evening workshop on "Employment in the Corrections Field" was recently attended by some 30 mature students.

Cariboo hosts Regional Forum on education

Local representatives from labour, business, minority and special interest groups participated in a Regional Forum on post-secondary education on October 27. Held in the College Boardroom, this local assembly was in conjunction with a national forum under way in Saskatoon.

The aim of the national forum was to explore the challenges and opportunities facing Canada's universities and colleges in preparation for the 21st century.

Dr. Cane chaired the Regional Forum which consisted of discussions on three main themes: "The challenges and opportunities facing post-secondary education", "Accessibility to and participation in the post-secondary system" and "The framework for managing and financing post-secondary education". To ensure that the regional views and concerns would be addressed, the recommendations of the local group were submitted for inclusion in the final report of the national forum.

Direct In Dialing switchover accomplished without a hitch

The switchover to DID has gone very smoothly. New in-house telephone directories will be available next week. Wesley Cole has done a superb job.

John Roueche Workshop

Some 200 college staff members attended the John Roueche In-Service Day on October 8th. Roueche's remarks were entertaining and thought-provoking. Judy Wilbee has since received a personally autographed copy of "Access & Excellence", by John Roueche, in appreciation of the assistance provided by Judy and the group facilitators.

THE COMPUTER Automated Systems Technician program was featured at the recent Thompson Nicola Manufacturers' Association Trade Show held in Aberdeen Mall. The Display Unit was also set up in the mall exhibit.

College's Display Unit hits the road

The newly-acquired Display Unit has been put to good use in recent weeks. Native Student Academic Advisor Bryan Rattray set up the unit at a recent regional conference at the Indian Residential School while Mel Galloway and Academic Advisor Donna Fleury used it at Okanagan College's Career Fair on November 1.

The Display Unit may be booked by calling John Dand in the Plant Department, Local 5381.
